PROFILE

Full-stack developer at **Industria Technology** in Sofia — from business analysis into software delivery on the same team. Vue, Angular, and Strapi across frontend, content systems, and APIs, with PostgreSQL and MongoDB in production stacks. DevOps workflows, security-minded server practices, and frontend mentoring.

EXPERIENCE

Full-Stack Developer · Industria Technology

2025 — PRESENT · SOFIA

- Vue, Angular, and Strapi across UI, CMS architecture, and backend integration.
- PostgreSQL and MongoDB in API and content-driven systems.
- DevOps workflows, firewalls, and security practices for predictable releases.
- Frontend coordination and mentoring for consistent delivery quality.
- Same team: **Business Analyst Intern** (7 mo.) — user stories, process analysis, agile planning.
