PROFILE

Full-stack developer at **Industria Technology** in Sofia. I work at an advanced level with Angular and Strapi across frontend, content systems, and APIs — while contributing to DevOps workflows and mentoring frontend developers. Background in business analysis helps me connect product intent with maintainable engineering.

EXPERIENCE

Full-Stack Developer · Industria Technology

OCT 2025 — PRESENT · SOFIA

- Deliver advanced Angular and Strapi solutions across UI, CMS architecture, and backend integration.
- Support DevOps workflows so releases stay predictable and repeatable.
- Coordinate frontend developers and help the team ship with consistent quality.

Business Analyst Intern

7-MONTH INTERNSHIP

- Prepared user stories, analyzed processes, and supported agile sprint planning.

Earlier roles

2021 — 2024

Auto mechanic and florist — customer communication, diagnostics, organization, and ownership under real-world pressure.
